## GREENVEST L.C. WELCOMES 2007 BABE RUTH WORLD SERIES *National event is underway*

Greenvest L.C. land development company whose communities include Cascades and Kirkpatrick Farms in Loudoun County, is the Grand Slam Corporate Sponsor of the 2007 Greater Loudoun Babe Ruth World Series held at Fireman's Field in Purcellville, VA. One hundred and fifty 13-year old athletes from across the United States are competing at Fireman's Field in this week in this highly-anticipated two week event.

Greenvest's employees as well as their families and friends will volunteer their time planning, organizing, and fundraising as well as manning the concession and souvenir stands and parking lots during the World Series. This will be the second year that Greenvest has volunteered and donated to this event and the fourth time that Loudoun County has been selected to host this event.

"The Babe Ruth World Series has been a popular source of summer entertainment for Loudoun County residents and we are proud to offer our support to the teams and the County. This is a tremendous honor for Loudoun, to host such a prestigious event, and we are grateful that we can play such a large role in its success," stated Greenvest Vice President of Sales and Marketing, Christina Sanders.

Founded in 1990, Greenvest L.C. takes pride in its civic and community participation, as well as its industry recognition in the land development field.
